

# PERSONAL PROTECTIVE EQUIPMENT (PPE)

Personal Protective Equipment (PPE) comes in various forms.

Your Housing Group and fix360 colleagues will wear appropriate PPE, in line with our own risk assessments and Public Health England (PHE) guidelines. This may differ from job to job, as well as upon the environment and residents' circumstances. It may also mean that there are times when PPE isn't worn at all.

We ask our contractors to follow the same PHE guidelines, but they may have their own company guidelines. The best safety measures remain to socially distance and wash hands or sanitise. These are the most effective ways to control the spread of COVID-19.

It's important to remember that we must all continue to follow the guidance on social distancing. If you have any concerns, please contact us at [engage@yourhousinggroup.co.uk](mailto:engage@yourhousinggroup.co.uk) or via our social media:
